Organizations Fund Request Information

Updated April 2024

Please read the following information before submitting an Organizations Fund (O-Fund) Request Form to ensure that your organization qualifies to receive support from the O-Fund. If you have any questions, please contact Organizations Board at oboard@auburn.edu.

Who can request funds?

Any permanent student organization on Active and Registered Status with the Organizations Board (O-Board) may request funds. Funding requests will not be retroactively dispensed for any expenses that occurred while not on permanent status.

How much can I request?

Organizations can request funding for operating, programming, and travel/registration expenses. Organizations may request funding throughout the academic year but may only request up to the following in each category: Operating (\$500), Programming (\$7,500), and Travel/Registration (\$2,500).

What do I need to do?

You must first fill out the form through AUinvolve. The Funding Request Form must be completed in order to request a reimbursement from the O-Board. Please be sure to attach copies of any receipts, budgets, programs from conferences, etc. with your request. In addition to completing the form, you will be required to upload the [O-Fund Request Supplement Form](#).

You must also submit your Tax ID Number. You may obtain a Tax ID Number by visiting the IRS Website and filing an SS-4. You will be notified of your Tax ID Number by mail. You must have this number before submitting your request to O-Board. If you need assistance applying for a Tax ID Number, please email oboard@auburn.edu.

The process of payment is a direct deposit, so you must also make sure to register with the Office of Procurement & Payment Services for a Vendor Number here: aub.ie/supplier. All organizations submitting a request must send a representative to a scheduled O-Board hearing. Requests will be reviewed by members of the O-Board at that time and allocation of funds will be granted to those organizations who qualify. Organizations will be invited to appear before the board at a scheduled time once their submission is received.

Questions?

If you have any questions, please contact the Organizations Board at oboard@auburn.edu.

Operating Funds

Student Involvement makes available a limited amount of funds to each Permanent Status student organization to cover some of their operating expenses. Student Organizations may apply for up to \$500/fiscal year for their annual operating expenses. **Organizations must prepare a sample budget for what they would like to receive funding for at the time of their request.**

Fundable Programming

A fundable program, for the purpose of student activity fee funding, is defined as an educational or service activity held on campus or a service/outreach activity held off campus. Fundable programs should: be open to all fee-paying students beyond the membership of the sponsoring student organization(s), provide developmental and educational outcomes for all participants, be broadly marketed, and abide by all guidelines and policies set forth by Auburn University. Organizations may apply for up to \$7,500 per fiscal year.

Additional Considerations: Requests for funding **may** be evaluated based on any number of factors including but not limited to (in no particular order):

- Clarity of request. Incomplete or vaguely worded requests will not be approved;
- Program contributes to the broad educational or service mission of the University and/or organization;
- Indication of the program’s ability to attract broad student interest;
- Degree of interaction amongst participants in a predominantly social program;
- Anticipated number of student participants and the anticipated total number of participants; events with non-students attending should charge non-students an entrance fee to assist in covering costs.
- Cost per student participant and cost per total number of participants;
- For programs with admission fees, such charges should be minimal and not cost prohibitive to attendees; Admission fees cannot exceed \$15 per person.
- Indication of the student organization’s ability to implement the program within its stated timeline and available resources;
- Comparison with similarly classified programs in the same funding window;
- Program content is unique in contrast to concurrent requests.

Instances of prior funding for a program are not a guarantee of future funding. All allocations are subject to the availability of funds.

Non-Fundable Programming

Non-fundable programs include, but are not limited to:

- **Receptions/Banquets:** An end-of-the-year or award banquet, or a reception that is not part of a larger program
- **Organization Recognition/Recruitment:** Programs in which the majority of planning and executing is handled by university staff, rather than student organization membership
- **Department-run Programs:** Programs in which the majority of planning and executing is handled by university staff, rather than student organization membership.
- **Greater Community Programs:** Programs in which the intended participant audience has the potential to be of a majority of non-Auburn University students

- In the case of expenses associated with such a program, those items which are tangible and available to a limited number of participants (e.g. food, takeaways, apparel), are not fundable
- Expenses for items available to all participants (e.g. AU facility rental, speaker fees) are fundable
- **Political and lobbying activities:**
 - Partisan activities and events skewed in favor of certain candidates or political parties.
 - Activities conducting education confined to a narrow range of issues skewed in favor of certain candidates or political parties.
 - Voter education activities affiliated with or skewed towards certain candidates or political parties.
 - Targeted lobbying and public policy education activities directed at certain candidates' signature issues or others closely aligned with candidates.
 - *Decisions on such activities will be supported by advice from the American Council on Education.*
- **Fundraisers:** Events exclusively generating revenue benefitting any entity outside of Auburn University
- **Gambling:** Any program that involves a paid game of chance where participants exchange anything of value for the opportunity to play. These programs include but are not limited to card tournaments and raffles.
- **Alcohol:** Programs hosted by student organizations should not serve alcohol. No alcoholic beverages may be purchased through or with organization funds or funds pooled by members or guests. This includes, but is not limited to, the use of apps to collect funds for purchasing alcohol.

The program, as executed, must not deviate significantly from the program described in the original request. The O-Board reserves the right to restrict funding for such programs.
